

Wedding photographers: Bridgend and Neath Port Talbot

Public websites checked 25 October 2026 · 5 photographers who cover Bridgend

Prices couples can see before they enquire

Photographer	Base	Full-day photo price shown	Photo + film shown	Other notes from the site
Your studio	Bridgend	from £1,050 (photo only from £450)	from £2,250	"usually within 24 hours" reply promise; 5 area pages
Daniel Kingscott	Pencoed	£1,295 / £1,495 / £1,695	not shown	3 named packages on one page
Carl Woodward	Mountain Ash	£1,500	£2,500	Bridgend page; pricing guide and venue guide pages
Cross-Jones	Neath	packages shown £1,800 to £2,500	in top package	named packages on weddings page
Oliver Rees	South Wales	£2,350 / £2,850 / £3,350	not shown	Bridgend and Llantrisant pages; prices on town pages

What stands out

- **The lowest full-day "from" price of the five is £1,050 (Your studio).** The next one up is £1,295. Couples who compare on price will find the lowest price first, but a gap of £245 or more can also make couples ask what is different.
- **All five show prices on the site.** In Bridgend, a visible price is normal now, so the page that explains what the price includes does more of the selling.
- **Others write content for couples who search.** Carl Woodward has a pricing guide and a venue guide. Oliver Rees has town pages, including Bridgend and Llantrisant. Your studio has pages for Bridgend, Cardiff, Swansea, Newport and the Vale, but Porthcawl and Maesteg, which it lists, have no page of their own in its sitemap.

Ideas to test this month

- Put one line next to the £1,050 price that says what is in it (hours, number of images), so couples can compare like for like.
- Add one short page for a town you already cover, for example Porthcawl, with a real wedding from there.
- Keep your 24-hour reply promise visible next to the enquiry form.

Each month in the full version

- Price and package changes for every photographer in your area, with dates.
- New pages, new venue guides and new offers they publish.
- A short list of 3 things to try next.
